Dear Wayne Sorenson,

On behalf of the PSPP Sponsor Board, we acknowledge receipt of the letter dated January 30, 2023 from the Seniors United Now Society.

At its June 2023 meeting, the Sponsor Board considered whether to grant an ad hoc increase to the Cost of Living Adjustment (COLA) for retired and deferred members. After reviewing a number of considerations including Plan funding, fairness between members and intergenerational equity, the Sponsor Board chose not to grant an ad hoc COLA.

PSPP stopped offering coordination as an option effective January 1, 2021. Altering the coordination option at age 75 would result in unfair treatment among members that elected coordination and would result in an increased cost to the Plan which would then have to be subsidized by active members.

Thank you for taking the time to write to us.

Yours truly,

Dan Stadlwieser
