Presidents Report

Currently our freeze and thaw weather conditions can be very dangerous, so please take extra caution to avoid harmful slips, trips and falls.

Over the past few months, the Board of Directors have been dealing with several issues. Our phones have been ringing from seniors wanting us to advocate on their personal behalf on issues important to them.

We hold our Annual General Meeting on April 15th, and we have been busy ensuring that we have another successful, informative and entertaining event. Also, we have been providing feedback to our Provincial Government, on concerns relating to the current delivery of health care programs.

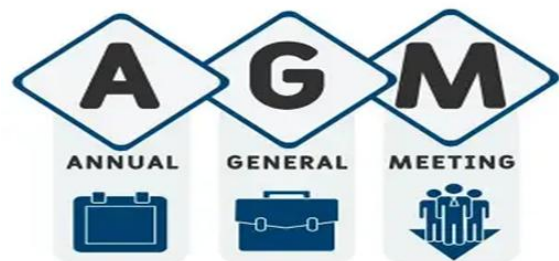

We are happy to report that sending correspondence to the Local Authority Pension Plan, has had a positive outcome for them to provide a 90% increase of the Cost-of-Living Adjustment instead of just 60%. Recently they had mailed out to their retiree's information regarding this increase.

The Public Service Pension Plan Board (Government and Municipality retirees) have kept the Cost-of-Living adjustment to only 60%. On January 7, 2026, we sent a letter to their board, outlining our request to increase COLA up to 100% of the consumer price index, we stressed that doing so would have a very minimal effect on their pension plan assets. This letter can be view on our website [Communications | Seniors United Now | Alberta](#)

Our SUN Chapters continue to schedule guest speakers to inform our members on a variety of senior topics. Currently we are developing strategies to increase our memberships. Also, please consider putting your name forward to be on the Board of Directors, currently we have five open positions. We want to ensure that SUN can remain a non-profit society!

I am looking forward to meeting you at our upcoming Annual General Meeting. Take care, stay healthy and safe.

Sincerely,
Wayne Sorenson, President

Executive Director Report

Now we are over the most difficult part of winter and heading into Spring, I want to thank all the volunteers who continue to help SUN advocate for seniors. We, as an organization, need to send our voices to our government on our priorities.

Since becoming Executive Director in 2017, we are still fighting the same things in our province but on a larger more urgent scale. Home Care Services continue to be inadequate to meet the needs for services. Seniors are not receiving the help they need to remain in their homes and are finding restrictions. Home care funding and services have not been keeping up with the population growth of seniors. Now the government has been moving to have continuing care run by private companies. The SUN board has formed a Housing, Home care and Continuing care committee to look at solutions to help this situation. In addition, I have been aligning SUN with other organizations to strengthen our voice for seniors regarding health care and as well as being a board member for Public Interest Alberta.

I encourage you to write the Ministers and the Premier on how you feel about the lack of positive change in health care for seniors in our province. Friends of Medicare (www.friendsofmedicare.org) have form letters on their website that you can use to send your concerns.

I encourage you to register for our AGM on April 15, 2026. Following the business section of our meeting, we have some wonderful entertainment for you.

Respectfully submitted,
Linda Osborne sunexdir@telus.net 780-920-3058

What is Smishing & Vishing? • An urgent voicemail message from the tax department. • A text message from Microsoft tech support warning you about a problem with your computer. • A caller asking you to confirm your mailing address and credit card number so you can collect your free prize. • A text message requesting your confirmation of an Amazon shipment. These are all examples of smishing and vishing cyber-attacks. They have one thing in common: they happen over the phone. Phones are now an essential part of our daily lives. This is also why it has become one of the most popular contact methods for cyber criminals. Both smishing and vishing rely on social engineering to trick victims into giving up personal and confidential information. Both use persuasive and often urgent language to manipulate victims into giving up information such as their bank account details, passwords, social insurance number, and mailing address.

SMISHING ATTACK PHASES

VISHING ATTACK PHASES

Protect yourself

- Verify the sender by contacting them through another medium, like the phone number on the official website
- Never click on suspicious links
- Delete smishing messages and block the number
- Ignore texts even if they ask to reply with "STOP" or "NO"
- Flag spam texts by forwarding them to 7726 (SPAM), helping your cellular provider investigate further

How to Dispose of Your Personal Documents Safely

Safe document disposal protects against identity theft by destroying sensitive information via crosscut shredding (not strip-cut) or professional, certified destruction services. For maximum security, use services like The UPS Store, Shred-it, or AMA for secure, witnessed destruction of paper, CDs, and plastics. Methods for Secure Document Destruction • Professional Shredding Services: Companies like Papersavers, Roboshred, and Iron Mountain provide one-time purges or regular, scheduled, industrial-grade shredding. • Retail Locations: The UPS Store offers secure, in-store shredding services. • Member Services: AMA (Alberta Motor Association) offers secure document disposal for members and non-members. • Home Shredding: Use a cross-cut or micro-cut shredder to prevent reconstruction of documents.

What to Shred - Anything with personal or financial information should be shredded: • Bank statements and credit card offers • Old tax returns • Medical records • Pay stubs and utility bills. • Old cheques

Digital Data Destruction • Delete and Wipe: Simply deleting files is not enough; use software to securely erase or wipe data. • Physical Destruction: Physically destroy hard drives, CDs, and USB sticks.

He has a keen interest in education to prevent fraud, especially among seniors. Online banking – Be aware: make sure you are on the correct website. Bookmark or save the right site. Do not click on supposed bank advertising sites from internet searches! **Phishing** – random e-mail messages that invite the user to click on a link **Vishing** – voice-phishing; telephone scams: fake numbers, fake people, fake story.

Unsecure WiFi connections – Be aware of which wireless service you are using. Do not use free WiFi for banking purposes! **e-Retail** – Beware of buy-and-sell sites. Do not send a deposit or pre-payment. **e-Transfer issues** – Interac only works within Canada, so if purporting to come from elsewhere, it is automatically suspect.

Sherwood Park / Strathcona County Chapter (SPSC)**Continued from Page 7****What's Happened: Sherwood Park Seniors Centre Society (SPSCS)**

December 1, 2025 – Council Budget Meeting - Barb Milne presented our report to Council, which was well received. Council members asked questions regarding the number of members we have in our organization, praised us for providing clear, evidence-based trends regarding our research on the senior population in our County, and asked about the design for the proposed Centre. We mentioned we had previously presented this to Council a few times, which they have records of.

January 2026 We have resumed our Coffee-Sit-ins with Councillors. Our Board and SPSCS members met with Councillor Lorne Harvey, Jan. 12/26. Specific questions were asked regarding an update on where Council was with the planning and design of a Seniors Centre in Sherwood Park. Councillor Harvey responded well to all questions from the public. We felt it was a very successful meeting.

- The site has been established, which is the renovation/extensions of the Sherwood Park 55+ Club.
- The architect's multi-purpose space design will be presented to Council June 26/26. The public will then be engaged in the process.
- Construction is slated for 2027, with opening mid-2028. (Weather, etc. permitting.)
- Governance of the Centre will be determined later. It was suggested that seniors should be involved in this.

February 2026 We've had a busy month, meeting with Councillors Bill Tonita and Robert Parks, along with the Mayor's Committee. Our purpose is to gather information, pose questions, & listen to each Councilor's perspective regarding the building of a seniors' centre, to accommodate all seniors.

- \$10 million is earmarked for the renovations & modernization of the SP55+Club & Log Cabin
- Capital Budget Process will begin in September/October/26
- Foreseeable obstacles include increased construction costs due to inflation.
- Programming will reflect community feedback, along with the Healthy Aging Framework guidelines developed by the County.

Both Councillors indicated that this was the first step, a beginning of a comprehensive seniors' centre. Further additions for growth and expansion may be added in the future as funding becomes available, IF seniors need this and let Council know. Discussion revolved around parking issues, other lands being too expensive for Council to consider, and the closure of the Campbelltown School site. (This is a very old building, requiring extensive work to make it useable, and would delay the current project.)

March 2026 Coffee Sit-In with Councillor Katie Berghofer March 2. Councillor Berghofer stated she was 100% supportive of a Seniors Centre, having toured the St. Albert Seniors Centre a few years ago. Obstacles include budget priorities, infrastructure and monies. Accessibility and safety needs need to be considered. Not sure the funds would be sufficient for add-ons to the building. She stated that seniors need to strongly advocate for what we need. (Which we are doing and is ongoing). The need for programming was strongly stressed, as it is imperative the building design needs to address this. Members posed many questions, including stating the history of advocating for a Seniors' Centre since 1996. Coffee Sit-In with Councillors Aaron Nelson and Glen Lawrence scheduled for March 13.

WHAT'S UPCOMING... Our plan is to meet with all Councillors and Mayor within the next few months to ensure that our voices are heard and our needs are addressed. All SPSCS members will be invited to all meetings. This is an opportunity for all of us to ask questions of our Councillors and demonstrate our support for a seniors' centre. Invite friends! Everyone is welcome!

26-Jun-2026 Join us at the Council Chambers for the Architect's unveiling of the renovated SP 55+ Club design.

Thank you for your continued support. Numbers matter, your voice counts, and Councillors are listening. All notices and updates are posted on our SPSCS website: sherwoodparkseniorscentre.ca [Home - SPSCS](#)

Membership in SPSCS is free until our AGM – May 14/26

A Message from your Membership Coordinator

I am impatiently waiting for spring to arrive. Winter seems so long these days. My garden is calling and I am up for it.

I know I continue to say this, but membership is the only way SUN has to fund the programs and materials we provide for our members. It is a very important aspect of running our advocacy program. If we are to continue to be the Voice of Seniors in Alberta, we need you to renew your memberships, invite your friends to our Chapter meetings, purchase our 50/50 tickets and of course volunteer and support our events. Linda and I are calling to ask you to renew if your memberships have lapsed. Please consider renewing yours today.

Join us on up-to-date information on our Facebook page. You will find updates on upcoming Chapter events and more. If you have a Facebook page search Seniors United Now and join our page, invite your friends.

Our Annual General Meeting for April 15, 2026, planning is underway and I am working hard to bring sponsors to support our members. I am very excited about some of the new sponsors planning to attend. Make sure you arrive early to take the time to go by their tables to see what they offer for our lives. I am so thankful for our past sponsors and the new ones as they dedicated their lives to make seniors lives easier.

If you have any ideas on how to increase our membership, I would be open to hearing from you. You can reach me by email at suncoord@telus.net. Chapters need your support to keep running so consider volunteering at their meetings. Membership has its rewards with benefits of new friendships, information and support.

I look forward to working for you for a better SUN.

"Eggs in a basket" Cash Raffle

National Egg Day is celebrated annually on June 3 to honor the nutritional value, versatility, and cultural significance of eggs.

A day dedicated to celebrating eggs in all their forms, from scrambled and poached to fried and hard-boiled. The celebration highlights eggs as a nutrient-rich food, providing high-quality protein, essential vitamins, and minerals, while also encouraging culinary creativity.

The origins of National Egg Day are not well-documented, but it is believed to have started in the United States in the early 20th century to promote the egg industry and encourage consumption. Over time, it has evolved into a broader celebration of eggs' nutritional benefits and their role in global cuisines.

Eggs are considered a superfood due to their high protein content (about 6–7 grams per egg), essential amino acids, and vitamins such as vitamin D. They also support healthy cholesterol levels and are low in calories, making them a versatile and healthy dietary choice.

People celebrate National Egg Day in various ways: Cooking and tasting: Try new recipes like huevos rancheros, Japanese oyakodon, French omelets, or egg-based desserts.

To experience unique flavors try different types of eggs, such as duck, quail, or ostrich eggs. Host egg-decorating contests, egg hunts, or egg-based parties. Learn about bird eggs at zoos or build birdhouses to observe eggs and hatchlings.

Grove City Chorus is an extraordinary group of gentlemen who gather in celebration of our love for barbershop harmony. We currently have several enthusiastic members from the greater Edmonton area who meet weekly for a harmony filled, sociable evening preparing for performances and competitions. We are a non-profit chapter of the Barbershop Harmony Society (BHS).

Grove City Chorus is open to all men who love to sing and harmonize in the Barbershop A Cappella style of music.

Our directors are the wonderful Carolyne Oehlerking and Robin Saumer (Assistant). They inspire us to reach new heights with each performance. We can be heard throughout the year, singing for civic and charitable organizations, private groups, churches, community events, and fundraisers.
