The Voice of Seniors in Alberta

SUN Board of Directors Recruitment Volunteers are needed!!

Non-profit organizations rely on strong leadership to drive change and achieve their missions.

Seniors United Now is currently looking for volunteers to join our board of directors to help continue this valuable representation for Alberta Seniors. SUN bylaws allow for the Board to have a maximum of eleven board members and a minimum of five members. We currently have six board members, including a few that have served for several years. Having new board members with various outlooks and ideas are needed to revitalize any volunteer board and critical to the ongoing health of the SUN Board.

Our provincial SUN board meets monthly via zoom, so you can be an active board member without being local to Edmonton and area. The SUN board communicates regularly with our members of the legislature to discuss and advocate on issues related to health care (long term care and home care in particular), senior supports, benefits, pharmacare and taxation all as they pertain to seniors.

We are currently looking for volunteers to join our board of directors to help continue this valuable representation for Alberta Seniors.

Presidents Report

Our chapters have been busy organizing our monthly fall meetings and it is rewarding for those who attend these meetings enjoy listening to the informative guest speakers.

Our casino fundraising event held on October 4 & 5 was very successful and a big thank you goes out administrative group, Lynn Penner, Linda Osborne and Deborah Wilson for coordinating this event. Also, thank you goes out to the many worker volunteers who worked long hours that were essential in also making this another successful event.

From late spring to early fall, we have been corresponding with Hon. Danielle Smith and other Government Ministers. On May 29 our letter, authored by SUN Director Gloria Krenbrenk outlines Senior Health concerns that need to be addressed.

On Sept 24 our Membership Coordinator, Deborah Wilson composed a letter to our Premier on the subject of "Keep Alberta's Seniors Visible, Valued and Supported". Concerns are some seniors having to pay for COVID – 19 vaccines, more for prescription drugs and increased cost of eye exams were outlined.

Before this correspondence is sent out it is reviewed and approved by the SUN Board and signed by the President. A big thank you goes out to both for stepping forward to outline our concerns!

These letters are available for review on our SUN website. [Communications | Seniors United Now | Alberta](#)

Under the News tab and then scroll down to "Communications". Also, the reply from our Health Minister, dated September 25 is available. It outlines that Budget 2025 allocates \$644 Million toward Primary Care. However, it does not outline the improvements received from this budgetary process. I know we would all appreciate reduction in Emergency Department wait times, increases in medical surgeries etc.

In closing, on September 22 we sent a letter to Troy Mann, President of the Local Authority Pension Plan requesting for 2026, a Cost-of-Living Adjustment to 100% of the Alberta Consumer Price Index. I am hoping for a positive result as all pensioners deserve to be treated fairly.

To increase our SUN membership, I am asking our members to consider attending our chapter meetings and bring a friend. Every member can also gift a free six-month membership to another senior. See page 14 for details.

Thanking you in advance for your support. Stay safe and healthy.

Sincerely,

Wayne Sorenson, President

Executive Director Report

Fall is definitely upon us with leaves falling and cooler temperatures. The chapters welcomed back our members with some great speakers with more wonderful speakers in the coming months. As Wayne mentioned, we encourage the members attending chapter meetings to bring a friend with you, so they can enjoy our guest speakers plus experience the social aspect and learn more about how Seniors United Now advocates for seniors.

I hope our members have booked their COVID and flu shots for this fall. If you have not, you can go online [Book an immunization appointment](#) or call 811 for assistance or visit your nearby Health Centre to make an appointment.

September and October have been busy months. In addition to attending Public Interest Alberta - Senior Task Force, I am a member of the PIA board of directors representing Seniors United Now. Our Membership Coordinator, Deb Wilson and I attended the Silver Connection Tech Seminar on September 5. The idea of the seminar was to come together to explore how emerging technologies can support longevity for aging in place and other areas of interest for today's seniors. October 7 and 8, I had the opportunity to attend the Healthy Aging Conference in Edmonton. Guest speakers and panels discussed innovations in service delivery, system transformation for healthy aging and inclusive practices to uplift older adults.

I would also like to thank all the volunteers who volunteered at our casino October 4 and 5. We really appreciated you giving of your time to help raise money for our organization.

Lastly, we are in the planning stages to have a virtual presentation in February. More information will be sent out in January.

Have a happy festive season.

Respectfully submitted,

Linda Osborne sunexdir@telus.net 780-920-3058

GRANDPARENT SCAM ALERT

WHAT IS THE SCAM?

Scammers are calling seniors claiming to be family members in need of immediate money for bail or hospital expenses.

The scammer will often send someone to the door to pick up payment.

BAIL FACTS:

- Police, lawyers, judges or jails do not call people to get money.
- Bail/fines are typically paid at a courthouse, police station or jail.
- Bail in Alberta is typically \$10-\$500.
- Bail can't be paid using gift cards.

"Court appointed" couriers don't exist. If someone asks to come to your home to pick up payment, it's a scam.

If it has to be now, it has to be no. Using fear or high-pressure tactics are usually a red flag.

Always ask for proof of identification and call-back numbers. Talk to family, friends or other people you trust to help verify claims or requests.

If you have lost money or the scam is in progress, contact the Edmonton Police Service at **780-423-4567** or **#377** from your mobile phone.

To report a scam in general, contact the Canadian Anti-Fraud Centre at **1-888-495-8501**

edmontonpolice.ca/fraud

Fraud affects everyone.

The Edmonton Police Service (EPS) is warning the public that fraudulent calls are being reported in the Edmonton area coming from EPS front counter phone numbers. The fraudster is spoofing this phone number, impersonating a police officer, telling victims they are involved in a fraud investigation, and requesting personal information. If people receive this call, they are advised to hang up. Police officers will never call you from a general inquiries line.

The Con Job Podcast

Go inside the murky work of con artists and criminals. From cryptocurrency to online scams, host Adam Cook and members of the Edmonton Police Service Financial Crimes Section discuss real-life investigations and give you the tools you need to protect yourself.

[The Con Job Podcast](#)

Scams have many forms. Generally, the scam artist is attempting to get your personal information or money. Scam artists may have some information about you (your middle name or date of birth) but will not know much else. If you are suspicious, challenge the scam artist to identify themselves. Ask for their identification, who they work for, or ask to speak to a supervisor. The best way to stop a scam artist is hanging up the phone or closing the door.

- If you don't recognize someone – don't open your door.
- If someone comes to your door soliciting money or posing as a company employee, ask to see their identification. If they can't produce it, close and lock your door - call the police.
- Do not send money responding to an Internet ad, offer, or sale unless it is from a reputable company website. These are often scams.
- If a caller poses as a credit card company or bank representative ask them to provide their information, your information, and ask to speak to a supervisor. Most scam artists don't have the information you and your credit card company / bank have. They also won't have a supervisor.
- Advise your credit card company or bank if someone calls. Your credit card / bank card information may have already been stolen.
- If you are asked to send money to a family member, relative, or family friend, it is likely a scam. Ask the caller to provide detailed information that only you and your family members know. **Ask the caller about a family member that doesn't exist. If the caller insists, they are doing well – they are obviously lying.**

- If you identify a scam, report it: Tell your neighbours, facility staff, report it to the police.

Home Comfort Hygienist Bringing Bright Smiles and Gentle Care to You

As we age, maintaining good oral health becomes more than just about having a nice smile; it's about preserving comfort, confidence, and overall well-being. That's where Home Comfort Hygienist comes in. My name is Kyria Elliott, and I'm a Registered Dental Hygienist with over 20 years of experience, who brings full-service, professional dental hygiene care directly to you; in the comfort of your own home, assisted living community, or care facility.

My mission is simple: to make oral health care accessible, gentle, and empowering for every individual-especially seniors who deserve to age with dignity, comfort, and confidence. Many older adults face barriers to traditional dental offices, such as mobility challenges, transportation issues, or dental anxiety. These barriers can lead to delayed care and unnecessary discomfort. My goal is to remove those barriers and bring compassionate, preventive care right to your doorstep.

With Home Comfort Hygienist, I provide everything needed for a complete dental hygiene visit - including cleanings, periodontal maintenance, stain removal, fluoride and desensitizing treatments, denture cleaning, and more. I also perform dental exams and digital X-rays to assess your oral health thoroughly.

If no dental issues are found that require a dentist's attention, there's no need to leave home for dental treatment. You can receive all the care you need right where you're most comfortable. However, if a concern arises that does require a dentist's care, I have multiple trusted resources and referral partners available to ensure you're looked after properly and seamlessly.

To make things even easier, I offer DIRECT BILLING to insurance whenever possible, helping reduce out-of-pocket costs and making the process smooth and stress-free for clients and families alike.

My vision is to see a community where seniors can age healthily, confidently, and comfortably-with the same access to quality preventive care as anyone else. Oral health plays a crucial role in overall health, affecting digestion, heart health, and even cognitive well-being. Through preventive care, education, and early detection, I strive to help each person maintain not only their smile but also their independence and quality of life.

Every visit is unhurried and personalized. I take time to listen, explain, and ensure my clients feel comfortable, cared for, and informed. Building trust and meaningful relationships is at the heart of what I do- because to me, every smile tells a story, and it's an honour to be part of that story.

Message from your Membership Coordinator

THE SUCCESS OF AN ORGANIZATION IS THE DIRECT RESULT OF THE PASSION AND COMMITMENT OF ITS MEMBERS.

We extend a SINCERE THANK YOU to each and every member, SUN does not exist without you.

Your SUN Provincial board of directors continues to work hard on increasing SUN's visibility and communication with various government officials. The disappointment is that our membership is slowly decreasing, particularly as our membership ages. The challenge to engage new members at times seems insurmountable. Therefore, We ask that every member be alert to any opportunity to pass SUN information on or to sign up a new member. In addition, we ask that every member be aware of your **renewal period*** and that you renew in a timely manner.

Please do not hesitate to contact the membership coordinator for any assistance you may require in this regard.

September 16, 2025 Seniors Storytelling Legacy Workshops - Everlasting Celebrations – Meeting Cancelled as the presenter was unavailable.

October 21, 2025 Strathcona County Museum and Archives, Presenter: Joanna Wreakes, Education and Engagement Coordinator, strathma.ca

Sherwood Park was originally called Campbelltown, was one of the first “planned communities” in Alberta but was renamed because of confusion in the postal service with another community. The first show homes in Sherwood Park were advertised for \$55 a month and drew many people to the area because of their low cost and their proximity to the refineries. The Log Cabin provided a central hub for families and community activities. In 1957 The “Red Hot Mamas” were one of the first all women volunteer firefighter’s brigade. The old RCMP barracks is now the home of the Strathcona Museum and some of their archives are stored in the original jail cells. Just a few tidbits that were shared with by Joanna, as we explored the historical roots of Sherwood Park.

**What's Happened: Advocacy for Strathcona Seniors Centre (ASC)**

Great News! After a lot of hard work within our ASC committee, we have achieved Society Status with our Alberta Government. We are now officially called **Sherwood Park Seniors Centre Society (SPSCS)**.

Why is it crucial that you join our society (SPSCS) now?

- This gives us credence as we work with Strathcona County Council.
- We need members to support us as we move forward with our goal – A vibrant Seniors Centre (numbers do matter!).
- A new modern centre in Sherwood Park that delivers targeted programs all in one place- not all over the map.
- Increased services to support and enhance healthy aging for all seniors in Strathcona County.
- Membership is free until December 25, 2025

SPSCS continues to have small group meetings with Mayor Frank, Councillor Harvey, Administration, Family & Community Services staff, keeping everyone focused on the progress County staff is making with building a Seniors' Centre as stated in their budget. \$2 million initially, and \$12 million moving forward. At our recent Priorities Meeting, September 16/25, Mayor Frank assured us that these monies are 'locked' for this purpose. The Log Cabin appears to be the preferred site. The procurement process has begun, and the Architectural design process should occur in January. We will keep you posted. SPSCS is in the process of developing a website, which we anticipate will be completed shortly. Moving forward, Barb Milne has been the driver in applying for grants to support this as well as other things we require.

Family and Community Services invited and sponsored us to attend the recent Healthy Aging Alberta Summit October 6-9, 2025, which included speakers and organizations who provide services, support and assistance to seniors & older adults. SUN Executive Director and SPSCS committee members were in attendance for many events. We were most appreciative to be included, as our eyes were open to all the support for seniors in Alberta. We connected with many whose knowledge, expertise and ideas will assist us in supporting seniors.

What now?

SPSCS will continue to work with Council, Administration, Family and Community Services, ensuring that progress continues toward our goal. Our SPSCS committee members, Barb Milne, Marianne West, Cathy Lawrence, Denis Beaudry, Wendy Zelt and myself, Claudette McLean, are working diligently to achieve this.

Thank you once again, on behalf of all of us, for your continued support.

Moving Forward: Planning Your Next Chapter with Compassion

By Tammy Lautner, Peace of Mind Consulting

Deciding whether to remain at home or to move into retirement or supportive living is one of the most personal choices we face as we grow older. It is rarely a quick decision. More often, it begins with small changes. Everyday tasks feel harder, safety concerns start to creep in, or life at home begins to feel lonelier than it once did. In my work with seniors and families across Edmonton and Alberta, I often meet people at this stage of wondering. Sometimes an adult child notices changes and worries about how things are going at home. Other times, an older adult reaches out directly, not sure what the future might hold but aware that what once felt manageable now feels overwhelming. At its heart, this decision is not really about a house or apartment. It is about how you want to live your life.

Why People Begin Considering a Move - Each situation is unique, but some common reasons include:

- The home feels stressful. Maintenance, stairs, or cooking and cleaning may take more energy than they once did.
- Health and mobility have changed. What once felt safe no longer does.
- Feeling lonely. When driving is no longer an option or friends are not nearby, isolation can grow.
- Loss or grief. The passing of a spouse, friend, or neighbour changes daily life in many ways.
- Family is far away. When support is not close at hand, planning becomes more important.

Exploring a move is often less about giving something up and more about creating ease, safety, and connection.

A Gentle Place to Start - If you are beginning to wonder whether a move might be right, these questions may help guide your thinking:

- Is my current home supporting my wellbeing, or draining my energy?
- Are there physical challenges, such as stairs, that make daily life harder?
- Do I feel safe, connected, and supported where I am?
- If I am a family member, what worries keep me awake at night?

These questions do not mean a decision has to be made right away. Sometimes simply starting the conversation makes the path ahead feel less overwhelming.

Moving Forward with Support - With the right resources, this stage of life can be approached with clarity and confidence. If you or someone you know is beginning to think about what comes next, remember you do not have to figure it out alone.

Canada Senior Driving Laws

The Canada Senior Driving Laws 2025 update has captured the attention of thousands of older drivers nationwide. Many Canadians over 70 are asking the same question: Will I lose my license or need to retake my driving test this year? While social media rumors claim nationwide “senior driving restrictions,” the truth is more nuanced. Canada has no single national rule for senior drivers. Instead, each province and territory sets its own licensing standards — including medical checkups, vision tests, and renewal timelines. “Driving safely past 70 isn’t about age — it’s about ability. Provinces simply require medical updates to make sure seniors remain fit to drive,” — Transportation Canada advisory note, 2025 update.

Common Myths About Senior Driving in Canada

Myth

- 1) Seniors lose their license automatically at 70.
- 2) All seniors must take a road test.
- 3) Driving laws are the same across Canada.
- 4) Online renewals aren’t available to seniors.

Reality

- 1) False. Licenses remain valid unless medical tests show unfitness.
- 2) False. Most only need medical or vision assessments.
- 3) False. Rules differ by province /territory.
- 4) False. Many provinces now allow online or remote renewals after medical clearance.
